

Seeking volunteers for the second
Family Bird Count in the Presidio!
Saturday, September 24th, 2011 10:00am – 2:00pm
The Presidio of San Francisco
(Meeting location TBD!)

Would you like to help grow the next generation of birders? Golden Gate Audubon is partnering with this new family birding event in which youth ages 8 to 15 and their families will join experienced birders for a taste of citizen science. After a short “binocular and bird ID bootcamp” teams depart on different routes throughout the Presidio. Following an easy 2 hour walk counting observed bird life, groups will return to Rob Hill Campground to tally their numbers while eating lunch with their teammates. The day be topped off with presentations of the day’s numbers by...kids!

This event was piloted in June with great success thanks to help from birders like you (47 species observed in a variety of habitats!). If you’d like to help lead a group please contact Damien Raffa at draffa@presidiotrust.gov or 415-561-4449.
